CLUB ACTIVITIES

1. Club Breakfast - The Club Representatives Breakfast was held as a smooth running affair. One hundred forty three tickets were sold and one hundred thirty one persons attended. The guarantee to the El Cortez Hotel was set at 150 persons in consultation with the General Chairman. The breakfast netted about $48.00 as compared to a breakeven budget.

The Breakfast was not without mixups - in fact, there were two to be noted a) the hotel master schedule had the breakfast at 8:30 AM while the Convention Program had it scheduled at 8:00 AM and b) the club representatives ribbons were omitted from master order at Colorado Springs. In the case of the schedule difference - the hotel staff were able to respond to the error in good fashion and actual serving began at about 8:05 AM. In the case of the omitted ribbons, Flub Stubs were issued. My sincerest thanks go to Dorothy Baber for discovery of the ribbon goof and for getting the Flub Stubs printed.

My most grateful thanks must be extended to Mr. William Olson, President of Poway Coin Club, for his most valuable assistance in the capacity as backup man and assistant to get the Breakfast off as a smooth functioning event.

2. Other activities - In this area most of my work came in a dual capacity as backup to Cdr. Stuart Edgerton on equipment availability for the various club meetings and forums. Coordination with the various club officers, forum chairmen, and speakers allowed, I believe, everyone to have the proper projectors, screens, and other equipment on time for each event. My personal thanks here must be extended to Mr. Vince Bacon, Commissioner of the Convair Coineers, for the loan of the Coineers' slide projector so that two slide shows could run simultaneously.

Respectfully,

Joseph J. Garside
